Materials You'll Need for Your Strawberry Crochet Pattern

You'll need:

- **Yarn** – Red (for the berry), green (for the leafy top), and optional yellow (for embroidered seeds). I like using worsted weight cotton yarn for a neat, defined finish. If you're unsure about yarn types, my *Yarn Weight, Gauge & Hook Size Guide* can help.
- **Crochet Hook** – Size 3.0 mm or 3.5 mm works beautifully for amigurumi.
- **Stuffing** – Polyester fiberfill to give your strawberry a plump, squeezable shape.

- **Tapestry Needle** – For sewing the top and weaving in ends.
- **Scissors** – A sharp pair for trimming yarn cleanly.
- **Stitch Marker** – Optional, but so helpful for keeping track of rounds.

Free Strawberry Crochet Pattern – Step-by-Step Guide

Body (Red Yarn)

R1: Magic Ring (MR), 6 sc (6)
R2: inc × 6 → (12)
R3: (sc, inc) × 6 → (18)
R4: (2 sc, inc) × 6 → (24)
R5–7: sc around (24)
R8: (2 sc, dec) × 6 → (18)
R9: (sc, dec) × 6 → (12)
R10: dec × 6 → (6)
Stuff firmly before closing.

💡 **Martha's Tip:** For a super smooth shape, add stuffing gradually as you work too much at once and your **strawberry crochet pattern** might bulge in odd places.

Leaves (Green Yarn)

R1: MR, (ch 3, sl st in 2nd ch, sc in next ch, sl st in MR) × 5 leaves
Pull tight and sew to the top of your strawberry.

If you've never done color changes before, my guide on *Changing Colors in Amigurumi* will walk you through it step-by-step.

Optional Seeds (Yellow Yarn)

Using a tapestry needle, stitch small V-shaped seeds randomly across the strawberry's body.

Once you've sewn the leaves on and added seeds, your strawberry crochet pattern is complete! This little fruit makes a great bag charm, gift topper, or part of a set with other fruit patterns. You can even pair it with my *Crochet Pattern for Candy Corn* for a fun seasonal display.
